

Today, 22nd September, 2023, the Environment protection and Nature Cell of Barasat Government College organized an awareness program on prevention of vector borne diseases by displaying posters and slogans made by students of different departments of the college. Our Principal Sir, Dr. Samar Chattopadhyay and Dr. Prabir Bhattacharya, Teacher's Council Secretary inaugurated the program and appreciated the efforts of students. They also motivated them to spread awareness among their family and friends. Finally, the winner's were awarded with medals and certificates. All the students received participation certificates.

The committee members extends heartfelt gratitude to the college authority for allowing conduction of such awareness program in the campus.
