

Department of Geography

Barasat Government College

Department of Geography, Barasat Government has organised a seminar to observe World Environment Day 2023. The principal of this college Dr. Samar Chattopadhyay has formally inaugurated the programme. Prof. Subhamita Chaudhuri, Professor and Head, Department of Geography, West Bengal State University has delivered an information-enriched and thought-provoking lecture titled **‘DHAPA: THE HUMAN FACE OF SOLID WASTE MANAGEMENT IN KOLKATA’**. This lecture was focused towards reducing plastic pollution and making wise use of solid waste materials. Students of the department have participated in this event with a lot of enthusiasm. Following the seminar, students have also organized a cultural program. Teachers, non-teaching staff, and the Teachers’ Council Secretary of the college were present in this occasion.
