

## Participation of Students of Zoology Department and Incubation Centre of Barasat Government College

Students of Zoology Dept. participated in Incubation Centre of Barasat Government College to promote entrepreneurship. Craft works, painting, jewelry making, baking, mushroom culture workshop have been continuing since 2022-23 session.

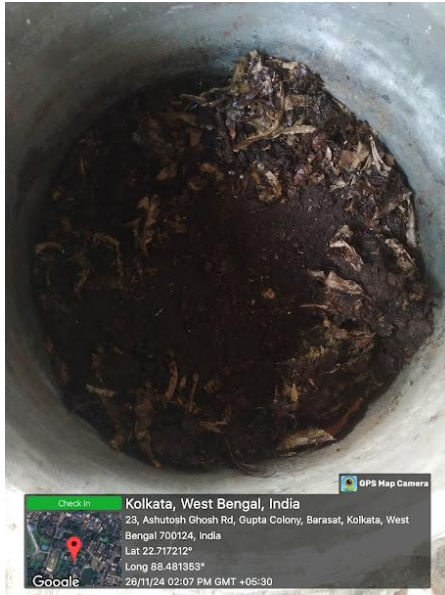

### Vermicomposting training

Vermicomposting training is important because it teaches how to use earthworms to convert organic waste into nutrient-rich compost, which can help improve soil health and reduce waste.

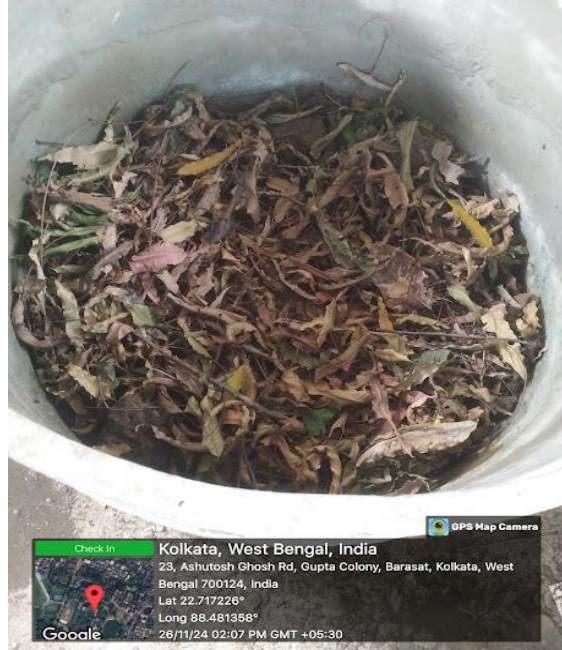

## Vermicomposting practice in our college ground

Adding of cow dung, dry leaves, soil, water, earth worms by students of M.Sc. Sem III elective Ecology students

## Mushroom culture training

### Significance of mushroom culture training

Mushroom culture training is important because it can help people develop skills, generate employment, and improve economic standards.

Besides the cultivation Technology of above mushrooms, training will cover following aspects in detail: Nutritional / Medicinal value of mushrooms and - its relevance in healthy food.

- **Employment**

Mushroom cultivation can provide employment opportunities, especially for rural women and young people.

#### **Economic standards**

Mushroom cultivation can improve economic standards by providing an additional source of income for families. The harvested mushrooms can be sold in local markets or exported.

- **Entrepreneurship**

Mushroom cultivation can be an opportunity for entrepreneurship.

- **Skills**

Mushroom culture training can help people develop skills that can be useful in other sectors.

- **Knowledge**

Mushroom culture training can help people learn about the science and art of mushroom farming, including how to grow, harvest, market, and store mushrooms.
