BGC/P.G.DEPARTMENT OF BOTANY-SEMINAR/WORKSHOP

Brief Report:

Participants: Students (UG Semesters I, II, V & PG Semesters I, III), research scholar, and Faculty Members.

The PG Department of Botany, in collaboration with the IQAC at Barasat Government College, hosted an invited lecture on “**MUSHROOM-A JOURNEY TO BECOME AN ENTREPRENEUR**”. The seminar was formally inaugurated by Dr. Samar Chattopadhyay, Principal of Barasat Government College. He emphasized the significance of entrepreneurship and the potential of mushroom cultivation as a viable and innovative business venture and also encouraged the students to explore this field and contribute to the economic development of the region. The lecture was delivered by Prof. Krishnendu Acharya, Professor from the University of Calcutta. Prof. Acharya, with his extensive expertise in the field, provided a comprehensive overview of mushroom cultivation. His presentation covered topics such as:

- Different types of edible mushrooms
- Techniques for mushroom cultivation
- Setting up a mushroom farm
- Marketing and business opportunities in mushroom production. Prof. Acharya's insights and guidance were invaluable for those considering pursuing mushroom farming as a business venture.

The one-day seminar, "MUSHROOM - A Journey to Become an Entrepreneur," provided a valuable platform for students and faculty members to learn about the potential of mushroom cultivation as a viable and lucrative business opportunity. The knowledge gained from Prof. Acharya's expertise and the interactive discussions likely sparked an interest in mushroom production as a path towards entrepreneurship among the participants.
