

PROGRAM OUTCOME DEPARTMENT OF CHEMISTRY

Title Of Program: One day Seminar on Recent Trends in Chemistry

Date of Program: 28th February, 2024

Venue: Chemistry Gallery, Old Chemistry Building

Total Number of Participants: 29 (Students) + 10 (Teachers)

Introduction: 28th, February is celebrated as the National Science Day to commemorate the discovery of Raman Effect by Prof. C.V. Raman on this day in 1928.

Speakers:

- Dr. Chandrakanta Bandopadhyay , Emeritus Professor of Chemistry, R.K.Mission Vivekananda Centenary College, Rahara
- Dr. Shouvik Chattopadhyay, Professor of Chemistry, Jadavpur University

REPORT:

The program started with a brief introductory lecture by Dr. Samar Chattopadhyay, Principal, Barasat Government College. He spoke on the contribution of Prof. C.V. Raman and the importance of science as a pathway to truth. Dr. Narayan Bhar, Head, Department of Chemistry and Dr. Arup Bandopadhyay introduced the speakers. Chandrakanta Bandopadhyay, an Organic Chemist by profession, delivered a lecture on solid phase synthesis reactions and its usefulness in drug delivery, peptide synthesis etc. Dr. Shouvik Chattopadhyay, Professor of Inorganic Chemistry talked about the periodic properties of different elements and their anomalies. Finally, a vote of thanks was delivered by Dr. Prabir Bhattacharyya, Retired Professor of Chemistry. The students participated enthusiastically in the discussion session.
