

Department of Geography

Barasat Government College

Some students of the Department of Geography, Barasat Government College have participated in the National Workshop (Offline) on Geospatial Analysis and Monitoring of Water Resources on 21st September 2023 at East Calcutta Girls' College, Kolkata. This programme was organized by the Department of Geography, East Calcutta Girls' College and the Indian Society of Remote Sensing, Kolkata Chapter. Prof. Arunava Majumder (Topic: Sustainable Water Supply and Management), and Prof. Pradip Kumar Sikdar (Topic: Groundwater- The Invisible Resource: Strategies for Sustainable Development) delivered their interactive lectures at the said event. Students have also participated in the inter-college poster competition and presented posters on different issues related to Climate Change and Water Security, Water and Health, Groundwater in a Changing Environment, Management of Urban Water Bodies, and Urban Flood and its management.
