Programme Objective :

Philosophy is not a mere subject, rather it is a way of life. With the era of humanist thinking, philosophy as a life skill pervaded into every human speculation and enabled human existence a success. Both Indian and Western avenues to exercise and philosophy somehow aims at well-being of humanity and all other sentience of our mother Earth. Study and practice of philosophy enables and equips an individual not only to become a rational agent, but also a refined, empathetic, and balanced man. Thus, Philosophy plays a great role in our "becoming".

University syllabus, however, does not always provide the scope to unveil Philosophy as a life skill. To popularize Philosophy as life skill, Department of Philosophy, Barasat Government College introduces, for all students of this institution, a 33-hour interactive Value-added Programme on Philosophy with its multifaceted life-skill methodology.
