Introduction : Title of the Programme celebrating international day of democracy on 15/09/2022. In 2007 the United Nations General Assembly resolved to observe 15 September as the International Day of Democracy. According to U.N.O, this type of Seminar provide an opportunity to review the state of Democracy in the world and make the ideal democracy into a reality to be enjoyed by everyone, everywhere.

Brief report on the programme (Different achievements and benefits of the programme)
The Department of political science and history jointly arrange a seminar on the topic of understanding democracy, celebrating democracy

Dr Indrashis Banerjee, (Associate professor, Dept. of political science, Ramkrishna Mission Vidyamandir, Belur, Howrah) has deliver his lecture on Understanding Democracy, Celebrating Democracy. Dr Banerjee highlights on needy people of our county, specially the women, child under below poverty line and their economic, social condition. The poor are not able to take an active part in public affairs because most of their time is spent in arranging basic necessities of life. Poor people often lose faith in the democratic institutions as their situation remains the same year after year.

Fundamentally, poverty is a denial of choices and opportunities, a violation of human dignity. It means lack of basic capacity to participate effectively in society. It means not having enough to feed and clothe a family, not having a school or clinic to go to, not having the land on which to grow one's food or a job to earn one's living, not having access to credit. It means insecurity, powerlessness and exclusion of individuals, households and communities. It means susceptibility to violence, and it often implies living in marginal or fragile environments, without access to clean water or sanitation.

The many students have been participated poster competition and extempore exhibition on this international democracy day.
