### **Gender Sensitisation Programme 1,**

lecture by Debapratim Chakraborty

**lecture emphasized on sexual awareness**

**Date: 01.04.2022**

The gender sensitization plan creates awareness through lectures seminars, talks, workshops and debates. Girls are motivated to participate and enroll in NCC and NSS wings of the college as it develops strength, confidence and leadership qualities in them.

Gender analysis provides information on the different roles of women and men at different levels in policies, programs and projects; their respective access to and control over resources, and the material and non-material benefits of society; and their gender-specific needs, priorities and responsibilities

The objective is not only the equality and empowerment of male and female but transgender also. It also aims to provide a harmonious and fertile environment for all students to excel physically, mentally, intellectually and emotionally upholding ethics and values. It is necessary to change their perspective about gender and create safe and secure environment where all three genders coexist harmoniously.

### **Goal**

Gender mainstreaming wants to contribute towards a gender sensitive society where agreement between individuals, united around common goal, opportunities and responsibilities are shared by women and men in equal measure.

### **Objectives**

- ☐ To establish good gender balance in decision-making processes in all areas of the college activities.
- ☐ To suggest measures for bridging the gender gap.
- ☐ To implement the human values regarding the third gender.
- ☐ To inculcate the awareness among the students about the equality of the gender.

It is usually directed towards women and often oppressed groups within society, however it can be experienced by all. Sexual harassment can include catcalling, sexist slurs, inappropriate touching, and sharing of inappropriate images or videos without consent. Sexual harassment is the problem associated with health and has severe implications on the dignity and respect of the students, their physical as well as psychological state. Persons with good level of awareness on

sexual harassment are ready to cope with the situations of sexual harassment effectively and courageously. The purpose of this research was to assess the awareness level of sexual harassment among University students.

Shri Debapratim Chakraborty

Assistant Professor of English,

Barasat Govt. College

Sir,

We would like to invite you to share your presentation in a sensitization program with the UG and PG students of Zoology to commemorate the Women's month on 1<sup>st</sup> April, 2022 from 2 pm at Dept. of Zoology.

We all hope this gender sanitization program will be helpful to provide an integrated and interdisciplinary approach to understand the social and cultural constructions of gender that shapes the experiences of women and men in society and to generate the awareness in regard to equality in law, social system and democratic activities.

It would be a great chance for our students also to interact with you.

We genuinely hope that you would accept our invitation.

Looking forward to hearing from you.

Kind regards,

Sumana
