Value Added Course on

Quick Guidance for Competitive Examinations and ICT Applications

18.10.2019 - 25.10.2019

Course Code: BGCVAC001/2019-20

Learning Objectives: This programme emphasises on the correct approach and strategies for aspirants for qualifying various competitive examinations conducted by State as well as Central organisations across various sectors. In the present scenario in order to succeed it is essential that we learn and accept new technologies, technical tools & services that are based on network-based monitoring. Hence it has become essential to integrate information and communication technology which enables data sharing, communication and connectivity in order to achieve the goals.

Learning Outcomes: After successful completion of the course the students will be able–

- Promote critical thinking
- Develop conceptual clarity on different topics
- Schedule and develop self as well as time management skills
- Develop communication skills and technology
- Creative writing
- Improvise and develop presentation skills
- Basic idea on Software and Hardware
- Introduction to Operating System
- Internet access
- Basics idea of Cloud computing
- Database Management System (DBMS).

On successful participation, attendance and on completion of all the evaluation assignments the participants will get a certificate.

Nature and Duration: This value-added course is a certificate programme. Total Contact Hours will be 36.

Application: The course can be attended by applying offline and reporting to the Head, Department of Chemistry, Barasat Govt. College within scheduled time frame.

Target Participants: Students of this college belonging to various Honours and General Programme.

Mode of teaching: Entire process of teaching, learning, and evaluation for the programme will be conducted on Sundays and Holidays starting from 18.10.2019 to 25.10.2019.

Faculty: The programme modules will be taught by experienced faculty members (teachers) of this college.

Intake Capacity: Maximum intake capacity is 350 with a minimum cut-off number of 50 candidates.

Programme Structure:

- Module – I: Skill Development in languages, mathematics, general knowledge and science.
- Module – II: Quantitative Aptitude and Data Interpretation
- Module – III Computer Application and its Modalities

Mode of Evaluation: The evaluation process will be carried out throughout the programme duration by a combination of the following methods.

- Performance throughout the course (40% weightage).
- Attendance (20% weightage).
- Objective assessment (40% weightage).

Evaluation of the performance of the student based on a total of 100 % will be rated as shown in the following table.

Grade	% Marks Obtained
O	> 90
A +	80 - 89
A	70 - 79
B +	60 - 69
B	40 - 59
Fail	< 40

Attendance and Award of Certificate: Candidates have to attend 80% of the sessions, as a part of duty. Failing which certificated will not be awarded.

Candidates are required to engage themselves actively in the discussion and academic interaction with the resource persons and co-participants.

Participants scoring minimum of 40% marks and 80% attendance will be given certificates of completion.

Important Dates:

Application ends on :16.10.2019

Course starts on: 18.10.2019
