

## ACADEMIC SESSION 2023-2024

### REUNION OF P.G.DEPARTMENT OF BOTANY IN COLLABORATION WITH BGCAA

Barasat Government College Alumni Association in collaboration with the P.G. Department of Botany proudly organized the **second reunion** of the Department named **BIOMEET-2k23-“Reunite to rejuvenate” on 8<sup>th</sup> of October 2023** at Vidyasagar Sabhakaksh O Prashikshan Kendra. The event was aptly named to celebrate the convergence of past and present in the realm of Botany and promised a day filled with cultural richness, delectable cuisines and cherished memories.

The event was a vibrant tapestry of nostalgia and camaraderie as alumni from different walks of life and former teachers of the Department converged to share their experiences and achievements and reminisced their time at Barasat Government College. The event was also graced by the founder Principal Dr. Anadi Kumar Kundu who was instrumental in introducing the postgraduate course in the year 2003. The event garnered serious attention and achieved a footfall of over 150 participants. The Barasat Government College Alumni Association was instrumental in providing philanthropic sponsorship towards the cultural event, procurement of the badge (Dr. Sayak Ganguli) and flowers which were distributed as part of the welcome kit for the event.

State Level Seminar and Conferring of Merit Awards by Barasat Government  
College Alumni Association (BGCAA)

One Day State Level Seminar on “*Climate Change and Sustainability*” was organised on the **23<sup>rd</sup> of March 2024** by the Barasat Government College Alumni Association (BGCAA) in collaboration with IQAC of Barasat Government College. Sri Satyaranjan Dalal, President of the Barasat Government College Alumni Association and Dr. Samar Chattopadhyay, Principal, Barasat Government College presided over the inaugural session and delivered the Welcome and Inaugural Addresses respectively.

Two invited lectures were delivered by **Dr. Aniruddha Mukhopadhyay**, Professor and Head of the Department of Environmental Science, University of Calcutta and **Sri. Jayanta Basu**, eminent Journalist and environmental correspondent of The Telegraph.

Professor Rajat Banerjee, Treasurer, and Dr. Sayak Ganguli, Assistant Secretary, BGCAA conducted the scientific sessions. Dr. Sampa Debnath, Secretary of the Barasat Government College Alumni Association delivered the formal vote of thanks.

**On the same day the Barasat Government College Alumni Association (BGCAA) conferred four Merit Awards for the Academic Year 2022 - 2023. The details are as follows.**

---	---	-----	---	--

The seminar created awareness among the participants regarding key environmental issues such as mean temperature rise across the world, food scarcity, plight of people surviving under extreme environmental conditions, reduction in ground water levels, ecological history of various Ramsar sites and Indian Sundarbans. Issues such as climate migration and the increase in economic burden of the cities were also touched upon by the experts.

The four Merit Awards that were introduced this year shall continue for subsequent academic years to encourage students in delivering outstanding academic performances. To inculcate research orientation among postgraduate students, BGCAA has plans of introducing internship programs for science students from the next academic sessions. This was announced by the secretary of the association during the concluding session.
