

ACADEMIC SESSION 2020-2021

BGCAA always tried to maintain a continuous contribution for the betterment of the college.

- During the Pandemic situation Association donated smart phones to four needy students so that they can continue their online classes.
- **On 6th September 2020**, BGCAA organised a webinar and Panel discussion on “Beyond the Pandemic-Emerging Opportunities for Skill development and Employability” celebrating the 71st foundation day of the college. This panel discussion aims to highlight the skills and opportunities that this pandemic redesigned for students and future professionals and act as a navigator for emerging employment opportunities.
- **On 27th June 2021**, BGCAA distributed baskets of daily household products among 200 railway hawkers who remained almost unemployed during the last one and half years. Our honorable Principal Sir of the college and some of our respected professors also joined the program to make the occasion a memorable one.
