

Science Heritage Walk 2025

Date: 06.02.2025

Organized by: Scientia, Science Club of Barasat Govt. College , NGO, Know Your Neighbour, Science communicators Forum, Jadavpur University

Venue: Jadavpur University Campus

Time: 10am-2pm

Number of Participants: 5 students

Name	Semester	Department
Masudur Rahaman	III	Zoology
Md. SurajUddin	III	Zoology
Uditi Biswas	III	Zoology
Anushka Deb	III	Botany
Pushkar Dalal	III	Botany

Science Heritage Walk 2025
A walk through the fascinating world of scientific breakthroughs

Organised by Science Communicators' Forum & Know Your Neighbour

Meeting Point: NCE Bengal Gate
Meeting Time: 9:30-10:25 am
Date: February 6th, 2025

Join Experts and Enthusiasts in their exploration of scientific heritage

Students Report on the event

science heritage walk

Exploring the scientific legacy of Jadavpur University region

Date and Venue : 06/02/2025
Jadavpur University Campus
area

Organized by : science communicators' forum
Faculty council of science ,**Jadavpur University**
know your Neighbour

visit to key scientific Landmark

explored significant sites like;
Department of Chemistry Lab, Department of Pharmaceutical Technology, **Blue earth machine shop**, Foundry shop,

Interactive sessions and demonstrations

Engaging talk by experts on scientific heritage
Live demonstration and showcasing innovation

Historical Evolution of science

Understanding how science developed in different eras
Influence of ancient, medieval, and modern scientific discoveries

Inspiring learning experience

Seeing firsthand how past discoveries influenced modern innovations sparked curiosity and a sense of wonder

The walk encouraged students and enthusiasts to further explore science, research and innovation fostering a lifelong passion for discovery

Expert led sessions and interactive exhibits made complex scientific concepts more relatable and inspiring

The science heritage walk was an eye opening journey that deepened participants understanding of the rich science legacy of Jadavpur University. by visiting historical landmarks and learning about the contribution of renowned scientist, we gained a new appreciation for how science has shaped society

Overall the experience was educational, motivating, and a step toward preserving and celebrating our scientific heritage
