

A Program to mark One Year of Mural Painting on POSH Act on the College Walls

Date: 10th December, 2024

Venue: Seminar Hall and ICC room (Annex Building)

Participants: 67 students and 15 Faculty Members

Time: 2 PM-4.45 PM

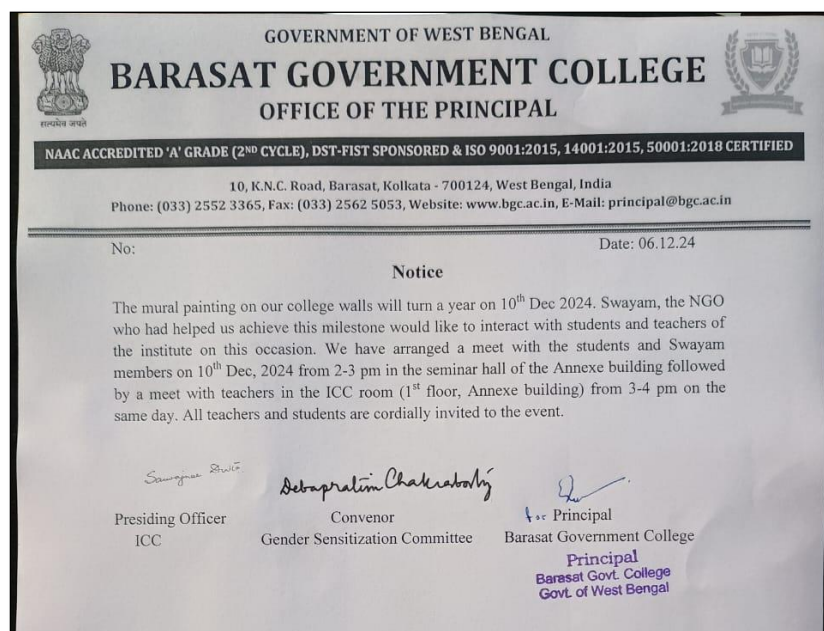

Organizer: ICC and Gender Sensitization Committee

Resource Person: Members of Swayam (a Feminist NGO)

Report: On the occasion of 1st anniversary of wall art, Swayam had the unique privilege of engaging with 67 students from six different departments at Barasat Government College. The energy in the room was vibrant as we delved into a lively discussion about the significance and impact of the college's wall murals. These vibrant illustrations, spread across the campus, serve as visual storytellers, weaving together themes of social awareness, cultural pride, and intellectual curiosity. Students spoke about their concept and understanding of sexual harassment at educational space and encouraging reporting to IC. A requirement came up of having more sessions on gender sensitization and PoSH.

They spoke about how the images sparked curiosity, instilled values, and often prompted important conversations within the campus. Later, we had an equally enriching dialogue with 15 faculty members who provided a nuanced perspective on the murals' role in shaping the campus ethos. They shared how the illustrations, beyond their aesthetic appeal, function as silent educators, complementing the academic environment by encouraging critical thinking and reflection. There were conversations on engaging more male students and faculties in such workshops and importance of socialization right from the years of formation of personality and perspectives. We also discussed on future plans to have more of gender workshops in the campus involving faculty members and to initiate gender studies in curriculum.
